

10th Hungarian Biometric Conference

Budapest, 16-17 May 2014.

Like previous Hungarian biometric conferences, the 2014 conference will provide a scientific forum for exchange of theory, methods, applications and teaching of biometry. This year, to celebrate the 10th occasion (“Let us *celebrate the occasion* with wine and sweet words.” — wrote Plautus) we would like to make it more special, by planning an international mini-symposium on Biosimilars and Biomarkers on the second day, with the contribution of speakers known to be opinion leaders.

Key topics of the „traditional” part of the conference will cover: robust statistics, epidemiology, spatial statistics, handling of missing data, young statisticians’ award-winning works and teaching biometry in Hungary. But any other topics related to biostatistics are welcome.

The e-mail address of the conference:

biostat.konf.2014@gmail.com

Deadline for abstract submission: **20 March 2014.**

Conference Venue: Accelsiors (1222 Budapest, Háros Street 103)

Planned registration fee: 140 Euros for two days, 100 Euros for one day.

Conference Organizers:

Accelsiors CRO & Consultancy Services

Corvinus University of Budapest, Faculty of Horticultural Science, Department of Biometrics and Agricultural Informatics

Hungarian National Group of the International Society for Clinical Biostatistics

Szent István University, Faculty of Veterinary Science, Department of Biomathematics and Informatics
